ROLES AND RESPONSIBILITIES

REPORT ENGINEER

RESPONSIBILITIES

1. Clearly understand the requirement specification for the report to be developed from the Report Lead along with timeline & thoroughly understanding the FRS.
2. Develop the given report as per the layout and standards shared by Report Lead via GEL JIRA tickets assigned within allocated time frame.
3. Test reports properly with the sample test data to ensure that it is giving the desirable result/output considering all scenarios mentioned in FRS. Test data should be such considering actual valid data entered by end user.
4. Update Requirement Traceability Matrix(RTM) in the project workbook towards each report as allotted by Report Lead.
5. Ensure daily backup of changes done.
6. Ensure proper logging of work is done towards the ticket assigned in GEL JIRA. Ensure timely movement of tickets to Report Lead in case of query.

TRAINING REQUIREMENT

Yearly minimum 64 hours of online/in person training in areas as identified by technical team & as per yearly training calendar.
