

STANDARD OPERATING PROCEDURE

ISSUE RESOLUTION MEETING

Objective

To resolve any issues faced by the team member while completing the task assigned by lead

Participants

1. Lead : Any team member leading a project/vertical/task
2. Team member: Any team member working on project/task/vertical of the respective lead

Meeting Mode

One on one.

In person / Online using Google Meet/Video Call/Audio Call with screen sharing if needed

Preferred Time, Duration & Frequency

Time: Between 10:30AM to 11:30AM and 3PM to 4:00PM

Duration: Max 30 minutes duration.

Frequency: Variable

Logging in Jira/TM

Issue Type*: Time Request

Assignee*: Lead

Reporter (ticket to be created by) *: Team member

Priority*: Highest/High/Medium/Low

Due Date*: Same day or next day as per priority

Original Estimate*: 30 min

Work Logging by*: All Participants

Status: Close after meeting by
team member

Linked Issue (optional): Tag with the ticket against which the discussion was needed

Procedure to follow:

- a) Meeting to be conducted if any team member raises request in Jira/TM under **"Time Request"** issue type
- ii. Lead will schedule call timing and conduct meet as per allowed meeting mode and finish the call within the scheduled meeting duration
- iii. Though duration of each meet is recommended 30 mins, in case it is taking longer, team member to start working on solution suggested by lead. Further lead shall continue with other team member's issues & reconnect later in the day or in next issue resolution slot for a repeat call on the same issue.
- iv. MOM not compulsory if required respective team member will be informed explicitly by the lead.
