STANDARD OPERATING PROCEDURE

STAND UP MEETING

Procedure to follow:

- i. Each team member to brief on following:
 - a) What activities completed previous day
 - b) What activities to be taken up today
 - c) Whether any challenges faced by them (Y/N)
 - d) Whether they have logged previous day request in JIRA.
- ii. Lead, including engineer working on maintenance & non - utilized or not assigned work but allotted to the code lead should compulsorily attend the meeting.
- iii. If any of the team member faced any challenges in completion of yesterdays task or has any challenges to complete todays task, lead will ask team member to raise issue resolution ticket (if not raised) & solve the issue as per **“Issue Resolution SOP”**.
- iv. MoM: Not compulsory but may be maintained as per instructions of Lead.
